

ZEN TOUCH SWITCHES

TOUCH, TALK, TAP

SWITCHES THAT ARTFULLY UNITE CHIC DESIGN
WITH BUILT-IN-VOICE AND APP FUNCTIONALITY

ABOUT US

Primezen, powered by Sensinova's legacy of innovation and reliability, is excited to introduce our latest range of Touch Panels. At Primezen, we believe in blending cutting-edge technology with aesthetic finesse to create products that are not just devices, but integral parts of your living and working spaces. Our Touch Panels are designed to redefine user experience with their state-of-the-art features and elegant glass finish, bringing a touch of sophistication to any environment.

Our journey began with a vision to enhance daily life through smart technology. Sensinova, with its decade-long expertise in creating intelligent sensors and lighting solutions, has always been at the forefront of technological advancements. The launch of Primezen as a new brand underpins our commitment to innovation, quality, and customer satisfaction.

Our latest Touch Panels are a testament to this vision, featuring customizable Color Changing RGB icons for a personalized touch, a sleek Glass Finish that adds a modern look to your space, and Adjustable Touch Sensitivity for unparalleled user comfort and efficiency. These panels are designed not only to elevate the aesthetic appeal of your environment but also to provide a seamless and intuitive control experience.

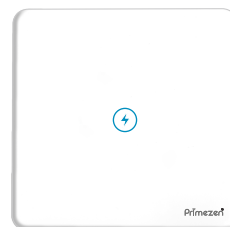

We understand the importance of staying connected and in control, which is why our products are developed with the future in mind – ensuring that they not only meet the current needs of our customers but also anticipate the demands of tomorrow.

As Primezen, we are proud to carry forward Sensinova's legacy of excellence and trust into a new era of smart living. Join us in embracing the future, today.
